PROCEDURES SELF-CHECK

A two-minute check on which schoolwide and classroom procedures have been explicitly taught to students, modeled and practiced, not just announced. Any row marked "I want support" can become a 30-minute Procedures Clinic.

• HOW TO USE IT

MARK WHERE EACH PROCEDURE STANDS

- **Taught and practiced** means students saw it modeled and rehearsed it, not only heard the expectation.
- **Students do it without reminders** means the routine runs on the cue alone most days.
- **I want support** means a coach will run a short clinic on that procedure, then visit for 10 minutes to see it with students.
